As a digital marketplace, the YOUR ART BEAT Market is dedicated to inter- and transactions between buyers and sellers. It is a platform where artists can present and sell their work at fair prices. YOUR ART BEAT considers itself as their representative, acting exclusively according to the artist's ideas and specifications. For us the work of art is in the first place and the respective artistic expression, which must not be falsified under any circumstances.

Each work is marked with:

Work title - Name of the artist

Year of origin – Artistic discipline

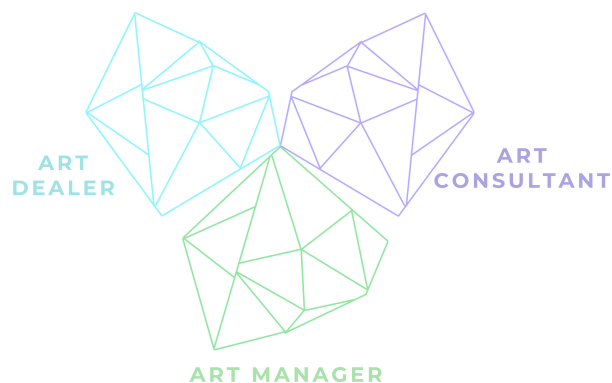

The digital works:

Are mostly available in different sizes and materials

(Fine Art Paper, Glass, Aluminium, Light box)

The YOUR ART BEAT MARKET presents many original works, but is by no means limited to classical arts such as painting, drawing or photography. We place particular emphasis on the digital and media arts. To this end, we offer a selection of materials that on the one hand can represent the visual-dimensional depth of a digital work, while at the same time also reflecting the content or "soul" of the work. This also opens up various possibilities for buyers to satisfy their tastes and vary the design, and covers different price categories without compromising the material quality of the works.

In addition, YOUR ART BEAT offers creative services, advises individually and prepares personal service packages in order to support its customers proficiently in every respect.
