

OPEN CALL FOR ARTISTS AND DESIGNERS

YOUR ART BEAT

is a creative network that celebrates the diversity of arts and creative expressions. The digital art project is characterized by the desire to convey art realistically, appealing to several senses leading to a comprehensive experience. Part of this project is the Your Art Beat Market. Here we are experimenting with the borders and intersections of the Digital and the Analogue.

YOUR CHANCE

This year ten artists are invited to exhibit and sell their artworks at Your Art Beat's digital market place that is exclusively dedicated to art trade, interactions and transactions between purchasers and vendors.

One of the main focuses is set in digital and media arts - coded or generative, 360° or VR- but in general, we are open to classical, as well as experimental art works - as long as they have that certain something that impress and convince us.

YOUR APPLICATION

We are looking forward to receiving applications from artists of all disciplines. Just send an email with your portfolio or web links and tell us briefly why you should be one of the next Your Art Beat Artists.

Applications to: johanna@yourartbeat.de
